ACCESSORIES

LOG CATCHERS

S40200600 22-TON

S40200600 28-TON (before serial number:1G1110553)

564068 28-TON (after serial number: 1G1110552)

Log catchers keep work at a consistent height, reducing strain and fatigue on the operator and help keep the immediate work-space in order. Built of heavy gauge steel, these attachments are designed to be durable and easily installed.

4-WAY WEDGE

S40201200 22-TON

S40201200 28-TON (before serial number:1G1110553)

564066 28-TON (after serial number: 1G1110552)

Make quick work of larger diameter logs with this 4-way splitter. The quick release cotter pin makes change out with the standard wedge effortless.
